

A message from the PTA President
End of 2006-2007 School Year

Hello there friends and fellow members,

Serving my first year as your PTA President has been one of my most rewarding experiences.

It's good to see after 82 years as a PTA unit at Lafayette...we have kept our focus...it's all about the children ☺ CONGRATULATIONS on keeping the membership alive and well!!

My motto of "win/win" came into play a lot this year. We have accomplished many new things like our committee C.O.R.E. (Combining Our Resources for Education...serving both the Teachers and administrative duties of the PTA), the Silent Auction & Carnival, the Arts & Craft Bazaar, Parent led tours and expanding our neighborhood Restaurant Partnerships (a community builder). We also re-introduced the Stop, Drop and GO program, Room Parent Committee, School play and the Garden Committee.

We were able to provide our children and Teachers with the extra's that make our school great...Art in Action, extending our Artists in Residence programs, Science grants and forming our new partnership with Donorschoose are examples of ways that we have enriched our children's school experience this year.

We are truly a village for the greater good of our children. Every time you volunteer your time to committees and events you are contributing to your child's education. I am happy to report I saw this happening time and time again. A heartfelt thank you to everyone...we could not do it without YOU!

I look forward to an even brighter next year...onwards and upwards...GO TEAM!
cheers,
Stephanie LeBeau Watson
PTA President 2006-2007
