

Lafayette Elementary School

Stop, Drop & Go Safe Practices

During drop off and pick up times we ask our families to follow these safe practices:

If you use Stop, Drop & Go:

- Follow the proper route for entering the Stop, Drop & Go queue.
- Be courteous and wait your turn - do not cut into the queue.
- Please drive slowly and cautiously down the line to keep our children safe.

If you do **not** use Stop, Drop & Go, please:

- Do not block or park in a neighbor's driveway.
- Do not double park on 36th Ave, 37th Ave and Anza St. – It's illegal and causes serious safety issues on a daily basis as other drivers swerve to avoid your car and are unable to clearly see pedestrians.
- Do not park in the bus zone at anytime to drop off or pick up your child.
- Do not jaywalk anywhere even if you accompany your child.

We recognize that parking can be tough around the school especially right before the bell rings, but please keep in mind that the streets around our neighborhood are public streets, not a school loading and unloading area. **Please find a legal parking space.** Parking meters are not enforced until 9 am on Balboa.

Thank you very much – together, we can make drop-off and pick up run safely and smoothly for the Lafayette community as well as for our neighbors.
